- f. REPORT – SUPPLEMENTAL HIGHWAY AUTHORITY AGREEMENT – 260 N. YORK The following report of the Public Works & Buildings Committee was presented for passage:

March 26, 2012

TO: Mayor DiCianni and Members of the City Council
RE: Supplemental Highway Authority Agreement – 260 N. York

The Public Works and Buildings Committee met on Monday, March 26, 2012 to review a request from Mr. Chuck Pauli, owner of Pauli's Service, Inc, that the City enter into a Tiered Approach Authority Agreement (TACO) with regard to the York Street right-of-way adjacent to the gas station at 260 North York Street.

A Tiered Approach to Corrective Action Objectives (TACO) Agreement is intended, among other things to, insure that a physical barrier such as roadway pavement cover the contaminated soil to prevent contact with the environment and humans. The Agreement does not oblige the City to forever maintain the pavement in the York Street right-of-way nor would it prevent maintenance on the roadway or utilities lying within the right-of-way; the City would merely need to provide notice to those firms and their employees who might be exposed to the contaminated soil if such work is performed. Any removal of contaminated soil would be at the expense of Mr. Pauli and not the City. The Illinois Brownfields Law allows for sites that have undergone environmental remediation and analysis due to underground storage tank leakage to enter into Agreement with the local highway authority when the contamination has migrated from the property to a public right-of-way; doing so avoids the need to excavate and remove the contaminated soils and to replace the pavement.

The Agreement also provides 1) that the City is to be held harmless for any future problems associated with the contaminated soil and 2) that should a court determine that the City has breached the Agreement, the amount of damages recoverable is limited to \$5,000.00.

The original Highway Authority Agreement and this Supplemental Agreement are entered into by the Highway Authority in recognition of laws passed by the General Assembly and regulations adopted by the Pollution Control Board that encourage a tiered approach to remediating environmental contamination.

The City Attorney has reviewed the Highway Authority Agreement and Supplemental Agreement. The Agreement attached is the same or similar to prior such Agreements entered into by the City. The Agreement is not effective until approved by the Illinois EPA.

It is, therefore, the recommendation of the Public Works and Buildings Committee that the City enter into the Supplemental Highway Authority Agreement with Mr. Pauli in the form attached to this report and that the City Attorney be directed to prepare a Resolution approving such Agreement.

Respectfully submitted,
Public Works and Building Committee

- g. REPORT – FUEL CONTRACT PURCHASE ORDER The following report of the Public Works & Buildings Committee was presented for passage:

March 26, 2012

To: Mayor DiCianni and Members of the City Council
RE: Fuel Contract Purchase Order

The Public Works and Buildings Committee met on Monday, March 26, 2012 to discuss a proposed contract for purchase of unleaded gasoline and bio-diesel fuel. The City of Elmhurst currently purchases gasoline and bio-diesel fuel by participating in the joint purchase option on the DuPage County gasoline and bio-diesel fuel bid. As part of the bid packet, County Board Resolution IR-084-76 included the opportunity for other taxing bodies in the county to participate in the joint purchase of the materials.

In April of 2012 DuPage County bid (bid #17828) and awarded a one year contract for the purchase of gasoline and bio-diesel fuel to Heritage FS Inc., the low bidder.

The specifications used in the preparation of the sealed bids are based on the OPIS (Oil Price Information Service) prices, which are the benchmark prices used by the world to buy and sell U.S. gasoline, diesel, ethanol, bio-diesel, LP-gas, jet fuel, crude, propane and kerosene. The price from the low bidder, Heritage FS Inc. of Wilmington, IL., for gasoline is the OPIS price plus \$.015/gal and for bio-diesel is the OPIS price minus \$.015/gal.

It is, therefore, the recommendation of the Public Works and Buildings Committee that a purchase order be completed for the Fiscal Year 2012/13 for the purchase of unleaded gasoline and bio-diesel fuel from Heritage FS Inc. in accordance with the DuPage County specifications and bids.

Respectfully submitted,
Public Works and Building Committee

- h. REPORT – REJECTION OF BIDS, ELMHURST MUNICIPAL BUILDING FLAT ROOF REPLACEMENT The following report of the Public Works & Buildings Committee was presented for passage:

March 26, 2012

To: Mayor DiCianni and Members of the City Council
RE: Rejection of Bids, Elmhurst Municipal Building Flat Roof Replacement

The Public Works and Buildings Committee met on Monday, March 26, 2012, to discuss bids received for the removal and replacement of the existing upper level flat roof at the Elmhurst Municipal Building, 209 N. York St., Elmhurst, IL.

A legal ad appeared in the press and Invitations to Bid were sent to eight contractors. Plans and specifications were made available at the Clerk's Counter. Bids for the replacement of the existing upper level flat roof were opened on Tuesday, March 13, 2012. Bids were received from four contractors. All bidders included a bid bond. A tally of the bids follows:

<u>Contractor</u>	<u>Bid Price</u>
Nations Roof North, Waukesha, WI	242,490.00
CSR Roofing, Oak Park, IL	246,442.00
DCG Roofing, Des Plaines, IL	325,900.00
Feze Roofing, Elmhurst, IL	358,000.00

Work bid included the removal of the existing membrane roof and the existing insulation, installation of new R20 insulation, and the installation of a built up tar and gravel roof. Also included is the replacement of the existing skylights.

Funds have been provided in the amount of \$216,000 for the replacement of the roof in the 2011/12 budget in account number Acct. 110-6046-418-80-23. As bid, the project is \$26,490 over budget.

The bids were discussed with several bidders and the engineer on the job. Reasons for the bids exceeding the budgeted amount include the inclusion of the replacement of the skylights in the bid package (necessary due to the condition of the plexiglass that the skylights are made of) and the increase in the cost of the asphalt product due to the increase in oil prices. The existing modified bitumen roof received maintenance repairs and sealcoating in 2006, and is not currently leaking.

Therefore it is the recommendation of the Public Works and Buildings Committee that the bids for the removal and replacement of the existing upper flat roof at the Elmhurst Municipal Building, 209 N. York, be rejected and that the project be budgeted for FY 2013/14.

Respectfully submitted,
Public Works and Building Committee

- i. REPORT – ROUTE 83 & 3RD STREET LIFT STATION REPLACEMENT PROJECT - ENGINEERING PROPOSAL The following report of the Public Works & Buildings Committee was presented for passage:

March 26, 2012

TO: Mayor DiCianni and Members of the City Council

RE: Route 83 & 3rd Street Lift Station Replacement Project - Engineering Proposal

The Public Works and Buildings Committee met on Monday, March 26, 2012 to review the Request for Qualifications (RFQ) proposal from Robinson Engineering to provide engineering and design services for the replacement of the Rte. 83 & 3rd sanitary lift station.

The lift station was constructed in 1972 and is located under the north bound driving lanes of Route 83. The sanitary lift station serves a population of approximately 250 homes and is approaching 40 years of operation.

The new sanitary lift station will consist of dry-pit submersible pumps with a new control system. The new lift station will be relocated out of the Rt. 83 right of way onto City property. The new facility will contain an above ground prefabricated building which will contain the new control system.

This project also includes the installation of a new stand by generator and automatic transfer switch. Currently this sanitary lift station does not have a back up power source and a portable generator must be transported to the site and hooked up during power outages. In addition there is a stormwater lift station located at 3rd Street and Bonnie Brae Avenue. This lift station also lacks back up power. The generator being installed as part of the Rte. 83 and 3rd Street Lift Station project will be able to power both stations simultaneously during a power outage.

The selection committee followed the Qualifications-Based Selection procedures established by the Local Government Professional Services Selection Act (50 ILCS 510/0.01-510/7). Public notice was

provided in the local press and eight packets were submitted from engineering firms of which two were interviewed. The firms interviewed are listed below:

- Robinson Engineering, South Holland, IL
- Burke Engineering, Rosemont, IL

Each firm was evaluated and ranked based on related project experience, ability and capacity to perform the work, key personnel committed to the project, grasp of the requirements, methods and management approach to be used, and ability to meet the required time schedule. The firm selected as the most qualified is Robinson Engineering, South Holland, IL. Robinson Engineering's proposal is a fee not to exceed of \$48,000.

Robinson submitted superior qualifications including similar projects for other government operated facilities at Merrillville IN, Romeoville, Olympia Fields, Bridgeview and Hazel Crest. Robinson received the highest performance reviews from their previous clients. The proposal from Robinson is attached.

Funding for engineering has been provided in the FY 2011/12 budget in the amount of \$60,000 in account number 510-6056-502-80-18. Construction is planned for 2012.

It is, therefore, the recommendation of the Public Works and Buildings Committee that the proposal from Robinson Engineering to provide professional services for engineering and design services be accepted.

- j. REPORT – ANNIE RYAN FUN RUN 2012 – TEMPORARY USE AND EVENT PERMIT The following report of the Public Affairs & Safety Committee was presented for passage:

March 26, 2011

To: Mayor DiCianni and Members of the City Council
Re: Annie Ryan Fun Run 2012 - Temporary Use and Event Permit Request

The Public Affairs and Safety Committee met on March 26, 2012 to discuss the request from the Annie Ryan Fun Run committee to host the 13th Annual Annie Ryan 5K Run/Walk and 1-mile dash on Sunday, May 20, 2012. A representative from the Annie Ryan Fun Run committee was available to answer the Committee's questions.

The race will begin at 9:00 a.m. Arlington and South Avenues. Traffic Control will be provided at the following intersections for the estimated times shown:

- Poplar and South from 8:45 a.m. to 9:15 a.m.
- Poplar and Vallette from 9:00 a.m. to 9:40 a.m.

All City Departments have reviewed and approved this request.

Attached are details from the applicant regarding this special event. Temporary uses of this type are addressed in Section 4.10, Temporary Uses and Events, of the Elmhurst Zoning Ordinance.

It is, therefore, the recommendation of the Public Affairs and Safety Committee that the City Council approve the request from the Annie Ryan Fun Run committee to hold the 13th Annual Annie Ryan 5K Run/Walk and 1-mile dash on Sunday, May 20, 2012, commencing at 9:00 a.m.

- k. REPORT – STOP SIGN REQUEST – FIRST AND OAK STREETS The following report of the Public Affairs & Safety Committee was presented for passage:

March 26, 2012

To: Mayor DiCianni and Members of the City Council
RE: Stop Sign Request - First and Oak Streets

The Public Affairs and Safety Committee met on March 26, 2012 to discuss the status of the above referenced request for Stop Signs at the intersection of First and Oak Streets.

In response to a request from Mr. Tom McKenna, developer of the property at the northwest corner of First and Oak Streets, the City's traffic consultant, Brent Coulter of Coulter Transportation Consulting, performed an intersection review. Mr. Coulter also evaluated the proposed development plans to incorporate any potential impacts to intersection traffic and sight distance.

Based on sight distance criteria set forth in the technical paper, "Proposed Warrants for Low Volume Intersection Traffic Control" and the potential for additional vehicular and pedestrian traffic due to the new development, stop control is recommended on the southbound Oak Street approach to First Street. Mr. Coulter also recommends modification of the sidewalk alignment, as shown in the attached report, to allow southbound vehicles to stop behind pedestrians crossing Oak Street. The proposed sidewalk re-alignment was incorporated into the approved development plans and is being constructed by T.E. McKenna Builders as a part of their project.

It is, therefore, the recommendation of the Public Affairs and Safety Committee that the appropriate ordinance be drafted and adopted by the City Council to install stop signs at the intersection of First and Oak Streets.

- l. REPORT – PRIVATE USE OF SIDEWALKS The following report of the Public Affairs & Safety Committee was presented for passage:

March 26, 2012

To: Mayor DiCianni and Members of the City Council
RE: Private Use of Sidewalks

The Public Affairs and Safety Committee met on March 26, 2012 to review and discuss a revision to Elmhurst Municipal Code, Subsection (b) (3) of Section 5.27, entitled "Private Use of Sidewalks" of Article I, entitled "General Prohibitions" of Chapter 5, entitled, "Streets, Alleys and Sidewalks".

The fixed term of a sidewalk café permit, established at time of issuance, is not to exceed the eight-month period of April 1 through November 30. The proposed revision provides the authority and discretion to the City Manager, if the opportunity arises, to extend or reduce the fixed term of permit for sidewalk cafes issued in a calendar year. It is advisable, necessary and in the public interest to allow for this flexibility.

In the event the City Manager makes the determination to extend or reduce the fixed term of permit for sidewalk cafes, all means of notification will be utilized to inform all permit holders from the previous year, as well as any potential permit requesters by using the Chamber of Commerce, City Centre and business license records.

It is, therefore, the recommendation of the Public Affairs and Safety Committee that the appropriate ordinance be drafted and adopted by the City Council to provide the City Manager with the authority and discretion to extend or reduce the fixed eight-month term of permit for sidewalk cafes issued in a calendar year.

Respectfully submitted,

REPORTS AND RECOMENDATIONS OF APPOINTED AND ELECTED OFFICIALS

9. a. UPDATES (Mayor DiCianni)

Mayor DiCianni announced the County and Tollway will meet next week regarding Western Access. He stated that he and City Manager Grabowski will attend the meeting. Mayor DiCianni stated this project could have a big impact on Elmhurst. He stated approximately 1,800 – 2,000 jobs could come to Elmhurst.

Mayor DiCianni stated another project Western Access is working on is the truck traffic on North Avenue. The addition of an eastbound exit onto North Avenue from southbound I-294 is still under discussion as an additional way to eliminate truck and other traffic issues that affect the 3rd Ward.

City Manager Grabowski stated the Sanitary and Sewer Subcommittee of the Stormwater Task Force met with the Public Works & Buildings Committee. They planned a joint meeting on April 12, 2012 with a report expected to come out in May.

The City Manager announced yard waste collection will resume on regular refuse collection days starting this week. He also announced that the Public Works Department began annual hydrant flushing today. Hydrants are flushed each year to ensure they are working properly and will provide adequate water for emergency use. Hydrant flushing will take place Monday thru Friday between the hours of 7:30 a.m.-3:00 p.m., now through April 27, 2012.

City Manager Grabowski congratulated Leroy Darby, who retired today after 34 years of service to the City in the Public Works Department. He stated the City wishes Mr. Darby well in all his future endeavors.

Alderman Pezza reminded the community that electronics are no longer acceptable for pick-up as part of the Annual "Spring Clean-Up."

Alderman Levin announced that Elmhurst College will host the *Recycle Electronics & More* event on Saturday, April 14, 2012.

Alderman York asked City Manager Grabowski to distribute to Council a news release from DuPage County Board Chairman Cronin dated March 14, 2012 titled *DuPage Report Confirms Water Commission Right on Track*.
